I can't today, but could do a virtual meeting on Monday afternoon. 2pm? Or anytime between 2-5.

Virtual meeting works for me anytime.
We can do it right away if you want. It is not a big deal, quick chat.

I won't be on campus Wed, but could meet virtually. Otherwise, Thurs works too (on campus).

Hi John and Omar,

We need to understand the alternatives for storage and github accounts to
organize a bunch of data from the lab.

We are wondering whether you could help us.
Is it possible to schedule a meeting later this week?

Thank you,
Renato
